SUBJECT: Transfer of FOIA request ID-2024-02846-F (CLN241704)

Dear Mr. Clements:

This is in response to the request for information that you sent to the Department of Energy (DOE) under the Freedom of Information Act (FOIA), 5 U.S.C. 552. You requested:

Any reports prepared in 2023 or 2024 by Idaho National Lab and/or Argonne National Lab related to a so-called "advanced fuel recycling process," and a demonstration of what Oklo calls an "end-to-end demonstration of the key stages of its advanced fuel recycling process."

Any documents that may exist at the DOE that are responsive to the request are under the jurisdiction of the Argonne National Lab (ANL). For this reason, I have sent the request to Ms. Michelle L. Galbert, FOIA Officer at that location, to conduct a search of the files and provide a response to you.

You may contact DOE's FOIA Public Liaison, Alexander Morris, FOIA Officer, Office of Public Information, at 202-586-5955, or by mail at MA-46/Forrestal Building, 1000 Independence Avenue, S.W. Washington, D.C. 20585 for any further assistance and to discuss any aspect of your request.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you have questions about the processing of the request, please contact Ms. Michelle L. Galbert at the Chicago Operations Office at 9800 S. Cass Avenue, Lemont, IL 60439. She also can be contacted at 331-310-0268.

This is the final response that you will receive about your request from this office. You may contact me at (208) 520-2210 with any questions about this letter.

I appreciate the opportunity to assist you with this matter.

Sincerely,

/s/

Anna M. Christensen
